Taylor**Tools**™

for Adobe InDesign®

»» **InDesign. Redefined.**

The #1 solution for creating yearbooks with Adobe InDesign®

Does your publisher's InDesign toolbar do all this? >>

TaylorTools™ for Adobe InDesign®. It's *the* solution for creating your yearbook. It's not only the best plug-in for InDesign, but it's the easiest to use, too. Nothing out there comes close. TaylorTools includes everything you need for a great publication, and it solves your biggest yearbook challenges:

- > **Simplicity** – It's easy to learn and use
- > **Compatibility** – Works flawlessly with InDesign CS2 or CS3
- > **Control** – It easily manages staff activities and progress, large or small
- > **Productivity** – Extends InDesign to allow it to do even more
- > **Budget-friendly** – It's free! Install throughout the classroom and at home
- > **Reliability** – Thousands of satisfied users and counting

NETWORKABLE >
on either classroom or district-wide networks

< **NON-INTRUSIVE**
does not interfere with InDesign when working on other projects

INTUITIVE IMAGE PLACEMENT AND CONTROL: >

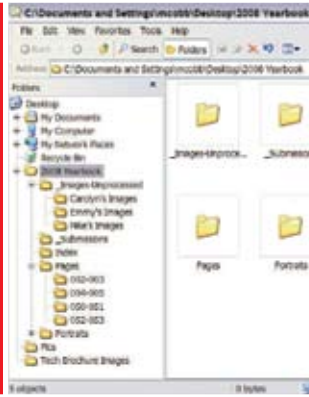

- Scale to fit
- On-screen cropping
- Automatic image resolution checking
- Easy size adjustment after placing

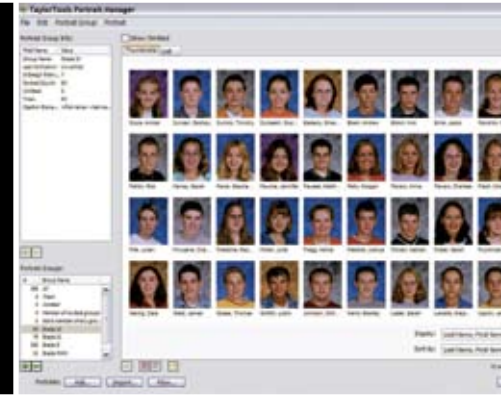

AUTOMATIC INDEXING >
automatically indexes every occurrence of each name throughout your book

AUTOMATED FILE AND FOLDER SETUP >
creates and organizes files as you work. No forgetting where your files went.

PORTRAIT MANAGER >
imports, organizes, edits and flows portrait images and names in minutes, right on your desktop
